

DEEPIKA G H

Data Engineer

📍 Ramanathapuram ✉ deepikaghofficial04@gmail.com ☎ 8946005344 in LinkedIn 📄 GitHub

PROFILE

As an Artificial Intelligence and Data Science student, I consider myself a responsible, analytical, and organized individual. I am eager to apply my academic knowledge in a real-world setting and gain hands-on experience through an internship. I'm enthusiastic about contributing to data driven projects and learning from industry professionals.

SKILLS

- **Programming Languages:** Python, C
- **Technical skills:** Machine learning, Deep learning, Data Visualization tools, UI/UX Design basics, Linux
- **Frontend:** HTML/ CSS basics
- **Database & Tools:** Postgre SQL
- **Core Concepts:** Data Structures & Algorithms (Python), Database connectivity, CRUD operations
- **Soft Skills:** Problem-solving, Technical troubleshooting, Quick Learner, Team collaboration

PROJECTS

- | | |
|---|----------|
| AI Disease Prediction | Nov 2025 |
| <ul style="list-style-type: none">• Built an AI model that predicts diseases like dengue, malaria and typhoid based on patient symptoms.• Converted symptom inputs into machine-learning features and trained a decision tree for classification.• Designed to assist early detection and provide quick decision support in healthcare. | |
| Automatic Number Plate Detection system | Sep 2025 |
| <ul style="list-style-type: none">• Developed a system to automatically detect and recognize vehicle number plates from images or live video.• Applied image processing techniques and OCR to extract plate characters.• Useful for traffic monitoring, parking systems, and security automation. | |
| Face Recognition using Attribute Analysis | Aug 2025 |
| <ul style="list-style-type: none">• Created a face detection and recognition system using computer vision techniques.• Identified and matched faces from images or real-time webcam feed.• Useful for attendance, authentication, and security-based applications | |

EDUCATION

- | | |
|--|----------------------|
| B.Tech (Artificial Intelligence and Data Science) | Sep 2023 - July 2027 |
| Anna University Regional Campus - Coimbatore | |
| CGPA: 8.3 | |
| HSC | Jun 2022 - May 2023 |
| Sourashtra Higher Secondary School - Paramakudi | |
| Percentage: 88% | |

Internship

- | | |
|--|-----------------------|
| Kevell corp Private Limited | June 2025 - July 2025 |
| Worked on AI and machine learning-based solutions, focusing on model development, data preprocessing, and feature engineering. Assisted in training and evaluating ML algorithms for classification and prediction tasks. Gained hands-on experience in Python, data handling, and real-time problem solving in an industry environment. | |

Achievements

- **Portfolio:** Personal website available showcasing live demonstrations and code repositories [🔗](#)
- **Google Cloud Cyber security** [🔗](#) Nov 2025
- **Linux Shell commands - Ubuntu** [🔗](#) Jan 2026
- **UI/UX Design** [🔗](#) Jan 2026
